NG | STONE
PORCELAIN SLABS

Dayanıklılığı, estetiği ve inovasyonu yaşamın bir parçası haline getiren NG Stone, kullanıcı dostu özellikleri ile seramiğin sınırlarını aşıyor.

NG Kütahya Seramik'in ustalık eseri olan NG Stone, Türkiye'nin kapalı alanda en büyük granit seramik üretim kapasitesine sahip fabrikalarında hayat buluyor.

160x320 cm ve 80x320 cm ölçülerine, 12 mm kalınlıkla sahip, ezberlerin dışında yepyeni bir deneyimle buluşmak isteyenlerin tercihi NG Stone, iç ve dış mekânlar başta olmak üzere tezgah, lavabo, mutfak dolabı ve TV arkası gibi kullanım alanları ile seramiğin standartlarının ötesinde, hayal gücünüzü zorlayacağınız tüm alanlarda kullanma imkanı tanıyor.

Hijyenik yapısı, alternatifli yüzey seçenekleri, geniş kullanım alanları ve sürdürülebilir üretim teknolojisi ile tasarlanan NG Stone; leke ve kimyasallara, termal şoka, neme, UV ışınlarına, çizilmelere ve aşınmalara karşı son derece dayanıklı formuyla seramik sektöründe inovasyonun sınırlarını zorluyor.

Making durability, aesthetics and innovation a part of life, NG Stone transcends the boundaries of ceramics with it's user-friendly features.

NG Stone, the masterpiece of NG Kütahya Seramik, comes to life in the factories with the largest indoor granite ceramic production capacity in Turkey.

NG Stone Porcelain Slabs, which has 160x320 cm and 80x320 cm dimension, 12 mm thickness and is the choice of those who want to meet a brand new experience out of the ordinary, allows you to use it in all areas where you can push your imagination beyond the standards of ceramics with it's usage areas such as countertops, sinks, kitchen cabinets and TV backsplashes, especially indoors and outdoors.

Designed with a hygienic structure, alternative surface options, wide usage areas and sustainable production technology, NG Stone pushes the boundaries of innovation in the ceramic industry with its highly resistant form against stains and chemicals, thermal shock, humidity, UV rays, scratches and abrasions.
